

VISITOR AND EDUCATION CENTER CAPITAL CAMPAIGN

The Army Heritage Center Foundation is conducting a \$10 million capital campaign to construct the second phase of the **Visitor and Education Center**, a key component of the U.S. Army Heritage and Education Center (USAHEC) campus, and to create an endowment to sustain educational programs. The Visitor and Education Center serves as the "front door" to the USAHEC campus and is the focal point for all campus educational activities. Phase One, a Foundation funded project, provides the first interpretive gallery and multipurpose rooms for programs. Phase Two will include an additional exhibit gallery, with multipurpose rooms for educational programs and special events, as well as enhanced visitor services. Through private donations from its friends and partners, the Foundation must fund Phase Two of the Visitor and Education Center. Upon completion of the Center, the Foundation will undertake a capital campaign to build the final phase of the USAHEC campus that will provide permanent interpretive galleries and exhibits.
