BOARD CHAIR'S MESSAGE

Build - Promote - Enhance

The Board of Directors of the Army Heritage Center Foundation (AHCF), the staff, and I want to thank you for your continued support of Foundation and of the U.S. Army Heritage and Education Center. You allow us to partner with the Army, the U.S. Army War College, and the U.S. Army Heritage and Education Center (USAHEC) staffs to honor Soldiers, preserve their history and heritage, and educate the public on the contributions of our Army and its Soldiers.

The Foundation's focus in the support of the USAHEC remains to build the public components of the campus, promote the facility as a destination, and to enhance USAHEC's programs, collections, and the visitor experience. We could not do this without your support and contributions, and we thank you for your generosity this year.

You, our members, remain the lifeblood of the Foundation and help sustain us. We are pleased so many have joined and we view your membership renewals as voicing confidence in our efforts and our use of your donated funds. We are pleased of our relationship with Members1st Federal Credit Union who serves as an advocate within the Central Pennsylvania region and voices support for their members to join and support the Foundation.

Our donors and sponsors, small and large, allow us to support ongoing and future programs to include construction, outreach, and education. We want to thank each of you who have provided us contribution to support the future construction of the Hall of the American Soldier. Her contribution and the support of our other donors will allow us to complete this next phase of construction that USAHEC needs for additional gallery, educational, and conferencing space.

We also thank regional sponsors who support our special events and programs. We are especially grateful to those that readily supported the construction of an event pavilion on the Army Heritage Trail. This facility, designed to support school age programs and visitors throughout the year, will allow us to extend when programs can occur.

Finally, we ask that you inform others of our efforts and of the value of the U.S. Army Heritage and Education Center. Tell them that they should visit this national resource which is more than a museum or a research center and is free and open to the public. Also ask that they support us. Their support will allow us to enhance "Telling the Army story . . . One Soldier at a time."®

I invite you to read through this annual report to see highlights for our programs for 2018.

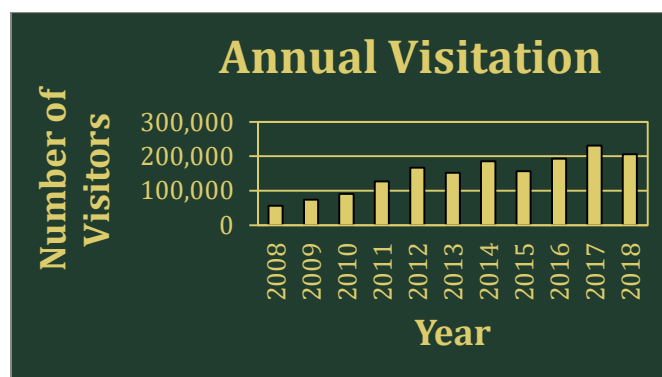

Robert H. Scales, Jr., Ph.D.
Major General, USA Retired

The Army Heritage Center Foundation continued its efforts in 2018 to advance the development of the U.S. Army Heritage and Education Center (USAHEC), to promote the Center as a tourist destination, and to enhance its programs and outreach. To better support these efforts, the Board of Directors reorganized in November by redefining committee roles and responsibilities. As noted above, the mission of the Foundation remained the same.

Build

The Foundation continued to seek support for the future expansion of the **Hall of the American Soldier** – a 30,000 square foot, \$12 million facility. We worked with the both the U.S. Army War College and the USAHEC staffs to validate requirements and design considerations. During the year, we raised slightly more than \$1 million towards the project to expand exhibit, program, and conferencing space.

To maintain momentum of our construction program, the Foundation undertook a smaller project, the construction of an **event pavilion** on the campus, to provide a year-round venue for outside programs. This facility, valued at approximately \$120,000, was the focus of fundraising activities this year. Design work began in October, and construction will take place in 2019.

Promote

The Foundation sustained its efforts to promote USAHEC as a destination for the public, Soldiers, and Veterans. During the year, the Foundation purchased advertising and marketing materials in regional tourism magazines and other media outlets. In support of Army Heritage Days, USAHEC's largest public event, the Foundation again funded advertising campaigns on regional radio stations, in the regional COMCAST television market, and on Facebook. To market USAHEC to the traveling public, the Foundation continued to support a mobile phone app that allows travelers on I-81 to gain information as they travel through the region. To broaden outreach, the Foundation began a weekly e-blast program to promote USAHEC and the Foundation's programs. Finally, the foundation staff continued to support programs and events when federal funds or employees were unavailable.

Enhance

The Foundation also continued efforts to enhance USAHEC and its programs and the study of history.

Special Programs

The Foundation again funded the copyright permissions for public showing of films and served as program lead for two film premieres and special programs -- ***Black Hawk Down – the Untold Story***, which highlighted 2nd Battalion, 14th Infantry's efforts to support the Special Operations forces during the Battle of Mogadishu and ***The Weight of Honor***, a documentary that followed the lives of the caregivers of catastrophically wounded Veterans injured while serving in Iraq and Afghanistan since 2001.

Commemorations and Honoring Veterans

In June, the Foundation again hosted at the U.S. Army Heritage and Education Center the regional **Army Birthday Dinner**. In addition to the cake cutting ceremony, the event included the enlistment of a new seven new Soldiers and a commemorative talk by General Frederick Franks, USA Retired.

In November, the annual **Membership and Recognition Dinner** celebrated our Special Operations Community. The Foundation highlighted the service of **Mike Durant** and **Matt Eversmann**, two

Soldiers involved in the Battle of Mogadishu and the efforts of the **Special Operations Warrior Foundation** for their support to the families of fallen Special Operations service members.

In December, as a special outreach program, the Foundation sponsored **General David Petraeus, USA Retired** for a special evening program that provided a regional audience his perspectives on world events, and challenges and opportunities for the Nation.

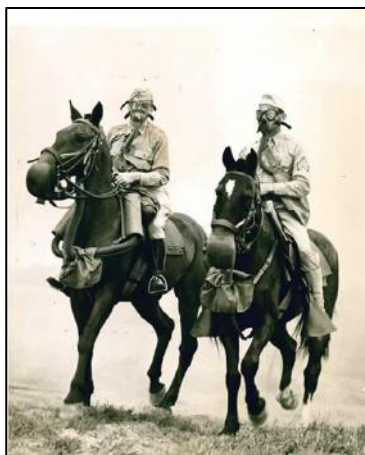

Support to ROTC Programs

To prepare future Army officers and their ROTC cadre, the Foundation partnered with selected and specially trained guides at Gettysburg National Military Park to host staff rides. This program, tested this year, is designed to meet U.S. Army Cadet Command's requirement for senior Cadet **staff rides**. The program brings the cadets and school cadre to USAHEC for presentations on the resources that they can draw from the collection to support their units once commissioned and funds specially trained licensed battlefield guides to facilitate and improve the quality of the staff ride experience for the graduating seniors. Full execution of the program began in the spring of 2019.

Enhancing the USAHEC Collection

The Foundation's active role in working with potential donors of artifact, manuscript, and library collections was maintained. The Foundation facilitated more than 275 in-kind donations totaling \$166,281. Major collections acquired include additional manuscript materials related to the service of General Frederick Franks, oral history interviews documenting the

history of 30 Soldiers who served in the 173rd Airborne Brigade in Vietnam, Dorothy Pecora's oral history, a WWII nurse that provided critical medical support at Penig concentration camp, a collection of more than 900 images from Mr. Jim Ottevaere highlighting the Army's horse cavalry history, and more than 500 images of U.S. Soldier art paintings on T-Walls from Iraq and Kuwait.

Foundation Hosted Educational Programs.

The Foundation's education programs continued to enhance USAHEC's mission through the promotion of the study of history, and outreach to students, teachers, and members of the public on a local, regional, and national basis. The major outreach program in 2018 was again the management of the **National History Day in Pennsylvania (NHD in PA)** program. Approximately 12,000 students and 300 teachers throughout Pennsylvania participated. The Foundation provided support to our 12 regional partners and managed the statewide competition in May that engaged more than 1,100 students, teachers, parents, and volunteers in the exploration of history.

As a component of National History Day, the staff also continued its quarterly **Teacher Workshop Program**. The Foundation hosted workshops covering such topics as -- World War I, The National History Day Program, and how to exploit the collections and resources of USAHEC.

For teachers and students unable to visit USAHEC, the Foundation added 4 new **Soldier Stories** to its website. This year, the program highlighted the service of Lionel Pinn a Native American who served in WWII, Korea and Vietnam; Laura May Nell, a WWI Nurse; Anna Nydes, a WWII WAC who served as a transcriber at the Nuremburg Trials; and Dennis O'Connor, a Vietnam Veteran. These and the other 35 stories are available free of charge to those that visit our website.

Throughout the year, the education program expanded its interaction with Veterans. Our partnership with Cumberland Valley High School continued, and we paired 14 students and Veterans who participated in the Veterans Oral History Program.

To commemorate MIA and POW day and to promote improved understanding of military service, the Foundation's "**Walk with a Veteran**" was developed. More than 400 students and 50 Veterans and volunteers participated in this program that was supported by local

VFWs and American Legions and funded by Humana

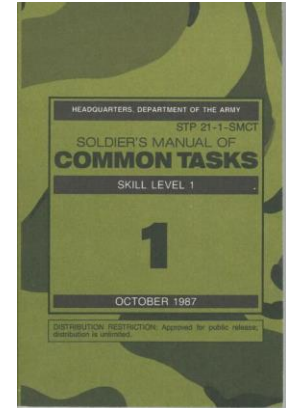

The **Veterans' Café** that brings Veterans of all services and eras together to enjoy a meal and share stories of service continued to grow. This year, 11 Veterans Café programs were conducted throughout Central Pennsylvania involving more than 350 Veterans and their family members.
