- Over 2,000 onsite and offsite research requests answered and 246,367 website views
- Total visitation since opening in 2004 exceeds 2.5 million
- Lectures, staff rides, and programs that promoted history education, officership, and Army Professionalism
- Completed the 4th year of its 5-year digitization plan, including over millionth collection item digitized
- Provided specialized and focus historical studies to the DA leadership
- Hosted Army conferences and educational programs
- Provided support to U.S. Army War College students
- Hosted two separate focused Army Heritage Day programs

## **FOUNDATION 2022 ACTIVITIES**

The Army Heritage Center Foundation continued its efforts in 2022 to support the U.S. Army by advancing the development of the U.S. Army Heritage and Education Center (USAHEC); promoting the Center as a major research center and tourist destination; and enhancing its collections, programs, and outreach. In 2022, the Foundation expended \$156,504 to support these objectives.

### **BUILD**

The capital campaign that will support the future expansion of the Hall of the American Soldier - a 30,000 square foot, \$15 million expansion, continued. The Foundation also funded a preliminary design to enhance the area around the outdoor event pavilion and improve access for all patrons, in anticipation of using Pennsylvania RACP grant funding

to support the project.

### **PROMOTE**

The Foundation's efforts to promote the facility as a tourist destination and as an educational resource continued in 2022. While tourism was still working to rise back to pre-COVID numbers, the Foundation kept the public updated through social media outreach. At the same time, we used our email updates sent to more than 8,000+ subscribers to highlight events and programs at USAHEC. Finally, we continued to promote USAHEC through Cumberland Valley Visitors Bureau and Hershey Harrisburg Visitors Bureau tourism publications.

We also continued to draw interest in visiting USAHEC through special events and programs. In March, we partnered with the Redstone-Huntsville Chapter of AUSA to host An Evening with General David Petraeus, USA Retired in Huntsville, Alabama. All proceeds from the event benefitted our organization and The U.S. Veterans Memorial Museum in Huntsville.

In June, the Foundation's Army Birthday program was held for the first time in 3 years, and in October, we presented a program at the annual AUSA Convention in Washington, DC focusing on U.S. Women Soldiers: From WAC to Warrior. Our annual membership and recognition dinner occurred in November where we honored CSM Cynthia Pritchett, U.S. Army Retired with our Living Legend Award for her contributions throughout her career. She is the first senior enlisted female to serve as the Command Senior Enlisted Leader of a sub-unified combatant command in a time of war. The Foundation also honored the Pease Greeters with our Boots on the Ground Award for the contributions to Soldiers going to and coming from deployment.

The Foundation's education programs also prompted the use of USAHEC's collections, the study of history, and outreach to students, teachers, and members of the public on a local, regional, and national basis. Through multiple teacher workshops, the Foundation's educational programs consistently incorporated materials from the collection.

## **ENHANCE**

The Foundation's primary focus, separate from the fundraising for public facilities, to enhance USAHEC was our continued support in obtaining, assessing, and processing of collections for transfer into the Center's collections. In 2022, the Foundation staff processed more than 125 collections of library and manuscript materials. The value of collections designated for transfer was \$64,568.

Throughout the year, the education program continued to maintain its interaction with Veterans and students. Our partnership with Cumberland Valley High School continued, and in 2022, we paired 22 students and 15 Veterans who participated in the Veterans Oral History Program. These interviews, once processed, were transferred into the USAHEC collections or other appropriate military service repositories.

To promote the study and use of history, and the use of USAHEC resources, the Foundation again managed the National History Day in Pennsylvania (NHD in PA). Foundation staff working with our partners facilitated regional contests and planned and executed the state contest which was held in person, for the first time in 3 years, at the University of Scranton and supported 450 students and student teams and resulted in 63 qualifying for the virtually held National contest. Pennsylvania students attending the National contest earned 2 outstanding entries, 2 awards, 1 third place entry, and 1 first

place entry. As a component of National History Day, the staff also continued its quarterly teacher workshop program in 2022 and its efforts to build a collection of Soldier stories on the Foundation's website that are available at no cost to users.

The Foundation continued to support ROTC cadets' commissioning programs by assisting ROTC programs to meet U.S. Army Cadet Command's requirement for senior Cadet staff rides. The Foundation continued its partnership with selected and specially trained staff ride facilitators at Gettysburg National Military Park. During 2022, the Foundation performed 21 staff rides, supporting 24 university ROTC programs and more than 450 senior cadets. At USAHEC, the Foundation stressed how the newly commissioned officers could access and use the collections to support their unit's

needs.

The Veterans' Cafe that in the past brought Veterans of all services and eras together to enjoy a meal together and share stories of service transitioned back to in person events, primarily held at the U.S. Army Heritage and Education Center.

Other general program services included funds to support public, member, and foundation focused programs. These included expenses of staff time performing research for the general public, presenting lectures and briefings to a variety of groups, newsletters to Foundation members, and special events. The Foundation's Soldier Experience History Summer Camp program continued, and in 2022, over 80 campers participated in the program, with the addition of a short version youth (grades 4-6) program and evening and weekend day programs. The Department also ran the second year of a Leadership Academy in the summer for students in grade 9 and 10.

Finally, the Foundation's lecture program continued to provide national support through webinars. During 2022, the Foundation hosted 24 lecture programs. More than 1,200 people attended the lectures at the time of their presentation, and more than 4,500 viewed the presentations within six months of their posting on the Foundation's YouTube Channel.

Additionally, Foundation staff moderated online programs in coordination with staffs from the British National Army Museum and USAHEC about the Gulf War, and the National Archives and USAHEC focusing on the Cuban Missile Crisis, and assisted the VII Corps Desert Storm Veterans Association with their annual meeting and memorial ceremony.
