## **FOUNDATION 2023 ACTIVITIES**

The Army Heritage Center Foundation continued its efforts in 2023 to support the U.S. Army by advancing the development of the U.S. Army Heritage and Education Center (USAHEC); promoting the Center as a major research center and tourist destination; and enhancing its collections, programs, and outreach. In 2023, the Foundation expended \$217,238 to support these objectives.

In May, our longstanding President retired. New leadership was in place by mid-year and began the task of assessing and evaluating operations, programs, and outreach for opportunities, adjustments, and or expansion.

### **BUILD**

The Foundation began working on a project to enhance the area around the outdoor event pavilion, improve access for all patrons, and provide additional outdoor event and programming space. The work being done is in anticipation of using Pennsylvania RACP grant funding to support the construction project in fall 2024.

### **PROMOTE**

The Foundation's efforts to promote the facility as a tourist destination and as an educational resource continued in 2023. While tourism was still working to rise back to pre-COVID numbers, the Foundation kept the public updated through social media outreach. At the same time, we used our email updates sent to more than 9,000+ subscribers to highlight events and programs at USAHEC. Finally, we continued to promote USAHEC through Cumberland Valley Visitors Bureau and Hershey Harrisburg Visitors Bureau tourism publications.

We also continued to draw interest in visiting USAHEC through special events and programs. In May, we partnered with the Redstone-Huntsville Chapter of AUSA to host *An Evening in the la Drang Valley* with Veterans of the conflict in Huntsville, Alabama. All proceeds from the event benefitted our organization and The U.S. Veterans Memorial Museum in Huntsville.

In June, the Foundation's Army Birthday program was held featuring a live outdoor performance by the Federal City Brass Band, A Civil War reenactor group, and in October, we presented a program at the annual AUSA Convention in Washington, DC focusing on the Battle of Mogadishu with Veterans serving as panelists for the event. Our annual membership and recognition dinner occurred in November where we honored BG Robert Stewart, USA Retired, the First Active Duty Army Astronaut with our

Living Legend Award. The Foundation also honored Operation Deploy Your Dress with our Boots on the Ground Award for their contributions to Soldiers' families.

The Foundation's education programs also prompted the use of USAHEC's collections, the study of history, and outreach to students, teachers, and members of the public on a local, regional, and national basis. Through multiple teacher workshops, the Foundation's educational programs incorporated materials from the collection.

## **ENHANCE**

The Foundation's primary focus, separate from the fundraising for public facilities, to enhance USAHEC was our continued support in obtaining, assessing, and processing of collections for transfer into the Center's collections. In 2023, the Foundation staff processed more than 140 collections of library and manuscript materials.

Throughout the year, the education program continued to maintain its interaction with Veterans and students. Our partnership with Cumberland Valley High School continued, and in 2023, we paired 25 students and 12 Veterans who participated in the Veterans Oral History Program.

In February, we hosted a transfer ceremony of General Maxwell Thurman's multi-volume audio interviews from the mid-1990s, during which he spoke about his service and his insight into leadership. These interviews are now a part of the USAHEC collection.

To promote the study of history, the Foundation again managed the National History Day in Pennsylvania (NHD in PA). Foundation staff working with our partners facilitated regional contests and planned and executed the state contest which was held in person, at the University of Scranton and supported 570 students and student teams and resulted in 62 qualifying for the National contest held at the University of Maryland in College Park. Pennsylvania students attending the National contest earned 3 awards and 1 third place entry.

Along with a Leadership Academy, Vet Cafés, and teacher workshops, the Education Department also ran several sessions of its Soldier Experience Adventure Camp with over 120 campers during the Summer.

The Foundation continued to support ROTC cadets' commissioning programs by assisting ROTC programs to meet U.S. Army Cadet Command's requirement for senior Cadet staff rides. The Foundation continued its partnership with selected and specially trained staff ride facilitators at Gettysburg National Military Park. During 2023, the Foundation performed 22 staff rides, supporting 25 university ROTC programs and more than 500 senior cadets. At USAHEC, the Foundation stressed how the newly commissioned officers could access

and use the collections to support their unit's needs.

Also, through the generosity of the Donald B. and Dorothy L. Stabler Foundation, we provided Hannah Borkenhagen, a student in Shippensburg University's Master of Applied History program a 16-week onsite internship at USAHEC focusing on creating digital exhibits. Hannah worked with Foundation and USAHEC staff to create academic resources and content for USAHEC's digital exhibits.

Finally, the Foundation's lecture program continued to provide national support through webinars through the fall of 2023.
