### **-The Bantams**

The first Bantam battalion was recruited in Sep-Oct 1914, at Birkenhead, England. The response proved so enthusiastic that the 35<sup>th</sup> (Bantam) Division soon appeared, consisting of recruits below the regulation height of 5 feet, 5 inches (but at least 5 feet, 3 inches tall). Only infantry battalions were bantam, whereas their supporting units consisted of men who met normal requirements. Three brigades were created from eight bantam battalions recruited over much of England. However, by the spring 1917, the lack of suitable replacements and other problems ended the bantam nature of the 35<sup>th</sup> Division. See:
