Railwayss

RAILWAYS, 1919-1939

A Working Bibliography of MHI Sources

- Koenig, Alan R. "Forging the Red Thunderbolt: Armored Trains Provided Mobile Firepower During the Russian Revolution and After." Armor (May/June 2001): pp. 24-29. Per.
- McLean, Ross H. "The Movement of Troops in the United States. "Typescript, copied in Rail Transport Division, Transportation Service, OQMG, November 20, 1923.1923? 42 p. UC313.M33.
- U.S. War Dept. Troop Movement Table - Command Post Exercise, Fourth Army. Wash, DC: Office, QMG, 25 Apr 1935. UC313.A2.

Army War College Curricular Materials, 1919-1940, Arch.

Subject card index lists numerous lectures, student reports, & other docs. Most entries cited should be on file, but this collection was subjected to records management culling, security review, and re-filing during the 1920s & 1930s. See the following examples of pertinent material:

- Gormley, M.J. "Control of Railway Traffic in the United States." G-4 Course Lecture, AWC, 6 Nov 1928. 13 p. File #353-A-7.
- U.S. Army War College, 1924-1925. Command Course 18. Comm 2. "The Railroad and Highroad Requirements of an Army." Mimeo, 18 Feb 1925. 16 p., 3 maps. File #293-2.
- _____, 1930-31. G-4 Course. Comm 5. "Plans for the Utilization of Railroads in Time of War in the Zone of the Interior and the Theater of Operations. Control and Operation of Ports of Embarkation in Time of War." Typescript, 19 Nov 1930. File #374-5.
- _____, 1936-37. Conduct of War Course. Comm 9. "Transportation (Land, Water and Air)." Typescript, 24 Feb 1937. 157 p. File #6-1937-9.
- _____. 1933-34. G-4 Course. Comm 3. "Transportation in the Zone of the Interior." Typescript, 16 Nov 1933. ca 70 p., maps. File #404-3.
- U.S. Army. Corps Areas. HQ. Protective Mobilization Plans. Covering the few years immediately preceding US entry into WWII. File #160.
Includes much info on transporting troops in Zone of Interior.

U.S. Army Ordnance Association. America's Greatest Railway Gun Designed and Manufactured by the Ordnance Department, United States Army. Wash, DC: Army Ordnance Assoc, 1926. 3 p. UF563.A76.A43.
