

96th Infantry Division

In 1942 a typical infantry regiment consisted of a headquarters and band, a headquarters company, a service company, an anti-tank company, a cannon company, and three infantry battalions.

In March 1943 the basic infantry regiment was reorganized to include a headquarters, a headquarters company, a service company, an anti-tank company, and three infantry battalions.

Each of the three infantry battalions consisted of a headquarters and headquarters company, three rifle companies and a heavy weapons company. Within each regiment, the 1st Battalion consisted of Companies A through D, the 2d Battalion consisted of Companies E through H, and the 3d Battalion consisted of Companies I through M (there was no Company J).
